RED FAVORITES

CHARLES MALLERIN. Dark crimson velvet. One of our finest dark red roses. Very velvety and has outstanding substance. One of our favorites. Pat. 933. \$2.50 each.

CHARLOTTE ARMSTRONG. One of the great roses of all time. Practically all of the newer roses of today have Charlotte Armstrong "blood" in their makeup. Magnificent blood-red buds that turn to cerise as they open. Flowers on long stems produced in quantities through the season. Dainty-sweet fragrance and rugged foliage is disease resistant. Height 3 ft. Pat. 455. \$2.25 each.

CHRYSLER IMPERIAL. Our largest selling red rose. Vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like luster of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 petals. Sweetly scented flowers of true rose fragrance make Chrysler Imperial an ideal exhibition rose. Pat. 1176. \$2.50 each.

KARL HERBST. Often called the "Red Peace." A very large ovoid type bud that opens into a 50 to 60 petal bloom of real dark red. Gaining in popularity as a true-type exhibition rose. \$2.25 each.

LIVING. Vibrant, exciting colors. The opening bud is deep, rich, blazing orange-red, turning to exotic orange with the underside of the petals glowing copper, streaked with red. The magnificent, stately flowers come generously one to a long, straight stem and are mildly fragrant. Very vigorous and tall growing bush to 4 ft. Pat. 1463. \$2.50 each.

NEW YORKER. Called by the originator as "The Best Red Rose of All Time." While we don't exactly agree with him, people tell us that this is the epitome of red roses. Buds of perfect form and texture open slowly to tremendous, fragrant, sparkling red flowers that often measure 6½ inches across. Noted for its non-fading habit. Height about 2½ ft. Pat. 823. \$2.50 each.

RUBAIYAT. Rose-red in color, Rubaiyat is still one of the two best performing red roses in our own display garden on Rose Hill in Manito Park. This rose deserves a space in your garden. Pat. 758. \$1.85 each.

NEW!

NEW!

NAVAJO. A brand new red, red Hybrid Tea that is as glamorous and exciting as the wide-open Western Plains! Fiery and majestic as the famous Indian tribe for which it was named! This very hardy plant begins donning its colorful "war paint" early in the season . . . first, large, dark green foliage appears . . . swiftly followed by rich attractive buds . . . and then the finishing touch — the flaming red headdress as the huge 5 inch blooms themselves burst open. What's more, these tough, rugged, red, red roses come on long cutting stems. If you're looking for a refreshing and vigorous new rose, you can't go wrong with Navajo! PRR. \$2.50 each.

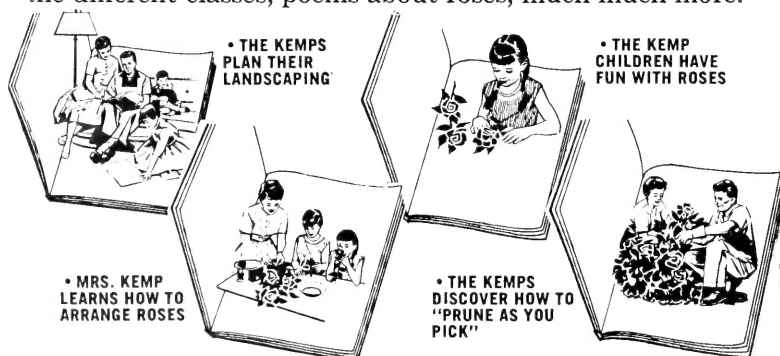

OREGON CENTENNIAL. Named in honor of the 100th anniversary of Oregon's Statehood and introduced by Peterson & Dering of Scappoose, Oregon. The plant is tall and full, luxuriously clad in its large deep-green foliage. The 30 crisp petals of the large flower develop gracefully; becoming lightly cupped at maturity. The color is an excellent deep rose-red, which seems to glow with an inner luminescence. Fragrance is strong and sweet. Good continuity of bloom, and quick cleaning of the senescent flowers should make Oregon Centennial one of our better new red roses. Illustrated on the back cover. PAF. \$3.00 each.

TORCH SONG. An extraordinary new color that's like smoky flame — rich, exciting, wonderful! Buds begin a sultry vermilion . . . opening to a brilliant glow. The large strong plants keep giving you blooms throughout the entire season. We know that the fetching fragrance and the color of this rose, which we like to call brick-red, will make all of your neighbors stop and say, "What's This?". PAF. \$2.50 each.

PINK FAVORITES

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds — and who doesn't. Urn-shaped, long and slender dawn pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

HELEN TRAUBEL. One of the great All-America Winners. We have noted a great variance of color in this rose in different parts of the country. Here in the Inland Empire, the color is a sparkling pink with just a touch of apricot at the base. Very strong grower with good continuity of bloom. Pat. 1028. \$2.75 each.

PINK FAVORITE. Perhaps the outstanding rose to ever be introduced by a Northwest grower — Peterson & Dering of Scappoose, Oregon. Dark pink at base of the petals growing to a lighter pink at the tips. Very long buds with an abundance of glossy green foliage that has its own distinction. A winner at numerous rose shows for the past several years. Pat. 1523. \$2.50 each.

PEACEFUL. Winner of the Best in the Show at the Spokane Rose Show in 1958 as we predicted in our 1958 catalog. A very large, 5-inch flower opening a deep coral-rose-pink on inside of petals, with light coral suffused with apricot on reverse. About 50 petals and some fragrance. Pat. 1599. \$2.50 each.

PINK PEACE. Sooner or later, someone had to take Peace, all-time Queen of Roses, and through long, patient development produce another miracle-rose — a gorgeous, deep pink! Yes, Pink Peace is a new masterpiece! Its shapely buds open to huge shimmering pink, highly fragrant blossoms with 60-65 giant petals. Its stems are long and straight . . . the plant itself full, upright and bushy. Pink Peace is so vigorous and free blooming, you'll cut beautiful long lasting bouquets all season long, year after year. This writer will long remember a bouquet of this variety presented to his wife and himself in Portland. I do not know of any rose that has struck me with so much beauty. This rose is destined to be with us for a long time and together with Kordes Perfecta will be our largest selling rose this year. Order this truly magnificent new rose now! Illustrated on back cover. PAF. \$3.00 each.

TIFFANY. Somewhat like Picture only larger in flower. Very warm clear pink flowers that come on long stiff stems and perfect dark green foliage. The petals have a lot substance which makes it a good cutting rose and the perfect flower makes it a leading exhibition rose. A very delightful fragrance. All America selection of 1955. Pat. 1304. \$2.50 each.

PLANTING GUIDE

YELLOW FAVORITES

GOLDEN MASTERPIECE. This is the largest yellow rose that we have listed — up to 7 inches across. These enormous yellow blooms are ably supported by strong stems. Long sleek buds open to a majestic, high-centered flower of rich golden yellow. Perfect, glossy green foliage and a pleasant old rose fragrance. Perfect for cutting. No matter how many roses you already have, you will need Golden Masterpiece for the perfect yellow rose. Pat. 1284. \$3.00 each.

GOLDEN WINGS. Tied with Peace for having the highest score ever given a rose by the members of the American Rose Society, Golden Wings is classed as a hybrid tea but appears more like Betty Prior or Wildfire in shape of bloom and growing habit. Single yellow blooms with reddish stamens come in mass production throughout the season. Good clean foliage that is unique and different. Excellent for flower arrangements. Grows about 3 to 4 feet tall. Pat. 1419. \$2.50 each.

ISOBEL HARKNESS. With no shadings or variations to mar the clarity of its gleaming yellow color, we might say that "Here's Where the Yellow Went." Very long tapering buds open to long graceful blooms with a color that is rich and unfading. A very vigorous rose with long stems and luxuriant foliage. This is another English rose to bear the name of Harkness which is rapidly becoming famous in the world of rosedom. Has proven very satisfactory in the test garden on Rose Hill. Pat. 1650. \$2.75 each.

PEACE. If you were to have one rose in your garden, we would say that this was it. A consistent prizewinner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms. — each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. \$2.50 each.

NEW!!!

NEW!!!

SUNLIGHT. New yellow rose introduced by the Conrad-Pyle Co. in 1958. This rose is described as rivaling the sun in all its brilliance. A continuous free-bloomer, each medium-length strong stem bears from one to three high-centered flowers of 40 to 50 petals that are out-curling. Medium size ovoid buds have a slight mandarin-red tinge. The delicately-perfumed rose has good vigor, abundant healthy foliage and good disease resistance. PAF. \$2.50 each.

SUTTER'S GOLD. This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. \$2.25 each.

TWO-TONE FAVORITES

NEW!!!

NEW!!!

ANGEL WINGS. A heavenly new exhibition rose that we think has one of the most catchy names of all roses. The long golden buds open to a large perfectly formed creamy white flower tinged pink. These flowers age gracefully; the pink deepening and suffusing through the petals. The growth of the bush is extremely upright with vibrant green foliage. We have watched this rose for several years now and if grown right, it could be one of our leading exhibition roses. In Rose Hill, Angel Wings and Kordes Perfecta have been planted right next to each other. In some of our visits to the garden, it has been hard for us to distinguish much difference in the two roses. We do like both of these varieties very much and suggest that both of them be in your garden this year. PAF. \$3.00 each.

NEW!!

NEW!!

KORDES PERFECTA. In all of our years in writing about and selling roses, we do not know of any other new variety for which we have gone so completely overboard. Kordes Perfecta is destined to be the crowning achievement of all roses and we will bar none. The most intriguing color combination you have ever seen. It's white . . . it's pink . . . it's yellow! In fact, it's completely different from any other rose in existence. Basically cream-white, this magnificent new hybrid tea is lined with pink as if the edges of its petals were dipped in carmine. This deep, rich red color spreads throughout the flower as the bud opens, revealing a suffusion of yellow. All season long, this vigorous 3 to 4 ft. plant will give you an unusually large number of superb, long lasting exhibition blooms . . . a full 5 inches across. Illustrated on back cover. Pat. 1604. \$3.50 ea.

AZTEC. Here is a scarlet-orange so brilliant that it fairly sizzles! . . . deeper, richer and more scarlet than any you have ever seen! A spectacular new color that makes Aztec a repeat sell-out again this year. The blooms are borne freely on a vigorous, well foliated plant that is more spreading than upright. We have noticed that the color of Aztec is somewhat similar to Montezuma and Spartan, described elsewhere in this catalog and when this rose is in bloom, it really sells itself. Illustrated on the back cover. Pat. 1648. \$2.75 each.

 **FRED EDMUNDS.** Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. Pat. 731. \$2.00 each.

 **FORTY-NINER.** One of the most richly brilliant of all bi-color roses and certainly one of the most attractive. It is a clear vivid red with pure straw yellow on the reverse of the petals. Grand, vigorous plants with a satisfying amount of bloom. Pat. 792. \$2.25 each.

GAIL BORDEN. A large, glamorous rose with a warm combination of pastel pink and apricot tints. Buds of soft yellow outside and lovely glowing apricot on the inside, opens gradually to an immense flower of warm pink. The 6-inch flower is entirely different from any other rose . . . the snap and warmth of the color combinations exudes an over-all feeling of friendliness. Tall growing and luxuriant foliage. Illustrated on back cover. Pat. 1618. \$3.00 each.

LOVE SONG. If you have liked the Peace rose, then this is for you. Love Song is an exciting big rose of rich salmon pink with a yellow reverse—one of our finest bi-colors. Large blooms of 5-6 inches have 35 to 55 petals. The unopened buds are big and fat and develop into urn-shape. At this stage, the coloring is a delicious blend of smooth yellow and deep coppery salmon-pink. The colors become more intense as the bloom unfolds. As with its parent, Peace, the full blooms are a glory. The plant also closely resembles that of Peace: well balanced, upright, sturdy and strong, with dense, heavy, deep green, glossy foliage and straight, heavy stems, with never a weak neck among them. The blooms last well and are sweetly fragrant. Pat. 1360. \$2.50 each.

 **MOJAVE.** All-American Winner for 1954. Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset—glowing orange shot with flame-like tones of scarlet and vermilion. Big, beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Medium height with good glossy foliage. Mojave is one variety that will shine in your garden. Pat. 1176. \$2.75 each.

SATURNIA. Back again after being out of our catalog for a year. Many people have asked for it and we will have it again this year. Scarlet and gold with good form in both flower and bush. This writer will long remember a rose show on the Coast several years back when he bet a good steak dinner on this particular variety and won. Pat. 349. \$1.75 each.

STERLING SILVER. Looks like the hybridizers will fool around with the lavender color until they have the "true-blue" rose. While we don't care for lavender in a rose, it might appeal to you. Sterling Silver is the best of all hybrid tea roses in this color range. A cool feeling of rich sterling silver when fully open. Pat. 1433. \$3.00 each.

OTHER HYBRID TEA ROSES AVAILABLE

ZULU QUEEN. Verv, very dark red. \$2.50 ea.

WHITE FAVORITES

 **WHITE KNIGHT.** Only white hybrid tea to win All-America honors. A magnificent, pure white, satiny beauty with blooms up to 5 inches across that do not "ball" or fade. Free blooming with gracefully out-curling flowers on long stems. Pat. 1359. \$3.00 each.

WHITE SWAN. There is nothing any prettier or purer than a white rose nestled in dark green foliage. Very perfect form. White Swan has the dark green foliage and pure white bloom. This rose can easily give McGredy's Ivory a run for the money in any rose show. Pat. 1115. \$2.25 each.

WHITE WINGS. Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess." A most unusual rose for flower arrangements. Pat. 850. \$2.00 ea.

Some of the FINER ROSES OF THE PAST BURSTING WITH VITALITY

RED FAVORITES

CRIMSON GLORY. Finally off of the patent list and at a new low price. Crimson Glory is always listed in any "10 Most Popular Roses in America" survey. A deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance, more so than any other rose.

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest-selling red rose. Fairly double. 2½-3 ft.

ENA HARKNESS. Regardless of how much you might pay for a rose, we still think that this is the best red rose listed in this catalog. An outstanding rose in every detail.

NIGGER BOY. Very double flowers of blackish maroon. Prolific bloomer and sweet fragrance. 2-2½ ft.

YELLOW FAVORITES

ECLIPSE. Slim tapering buds of golden yellow have made Eclipse one of our most popular cutting roses. Finally off the patent list and offered at this new low price.

JOANNA HILL. Orange-yellow buds opening to large double flowers of cream and orange. Very popular for cutting. 2½-3 ft.

McGREDY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft.

TWO-TONE FAVORITES

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: pink, copper, gold and salmon. 3 ft.

MRS. SAM McGREDY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft.

MME. HENRI GUILLOT. Blooms of watermelon to raspberry pink. Foliage very leathery like Peace. For simplicity, we call it "Madam Henry." First time offered at this low price.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

Grandiflora Roses

THE NEW KIND OF HYBRID TEA ROSE THAT GROWS LIKE A FLORIBUNDA!

CARROUSEL. The first rose to bear the distinction of the new Grandiflora Class. We have stated in this catalog for several years that this rose has not received the publicity that it deserves and just as we go to press, the American Rose Society has awarded Carrousel, together with Fashion, an award as one of the outstanding roses of the past five years. The color of Carrousel is called "Indian Lake" red. Very large blooms that drop cleanly to make room for the newly opened crimson buds. Pat. 1006. \$2.00 each.

MONTEZUMA. A new Grandiflora rose of last year. This rose is a remarkably brilliant orange-scarlet colored rose. Long tapering buds open to high-centered flowers of sheer rose perfection in form. Tall growing plant of free branching habit with plenty of large handsome foliage. We like the color appeal and its ability to grow easily. Pat. 1383. \$2.75 each.

QUEEN ELIZABETH. Both of its parents being AARS winners proves that blood is thicker than water. Color is a very soft orchid pink with high centered flowers. Comes both in clusters and one to a stem which goes to make ideal cutting. Long almost thornless stems. This rose belongs to the Grandiflora class. Pat. 1259. \$2.50.

Climbing Roses For A Riot of Color!

No. 1 Bushes
That Will Bloom
For You This
Year.

YELLOW SHADES

GOLDEN SHOWERS. First climbing rose to win a national AARS award. Golden Showers is a very fragrant, high centered bloom, 4-5 inches across and daffodil yellow in color. Tested in all parts of the country as being winter-hardy. Blooms from early spring till late fall. Can be grown as a large bush, pillar or climber. Glossy foliage and resistant to mildew with normal care. We have watched it for several years in the test gardens and do not know of anything more one could ask for in a rose of this type. Pat. 1557 \$2.75 each.

CL. PEACE. Climbing form of the bush rose, Peace. We can guarantee that this new strain will give you the bloom you are looking for. \$2.50 each.

ROYAL GOLD. New golden yellow pillar rose. Large 4 inch blooms up to 45 petals. Fruity fragrance. Continuous bloomer. Takes 2 or 3 years to attain full height. PRR. \$3.00 each

PINK SHADES

BLOSSOMTIME. One of the finest new everblooming two-toned pink. Beautiful buds and good foliage. Like all everblooming climbers, Blossomtime does better if grown as a pillar rose. Pat. 1240. \$2.50 each.

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green foliage is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. Pat. 1076. \$2.75 each.

CL. QUEEN ELIZABETH. Climbing form of the Grandiflora rose, Queen Elizabeth. \$2.75 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

Roses that Bloom Floribunda Roses

Roses that Satisfy

ORANGE AND TWO-TONED FAVORITES

NEW!!!

BELLINA. A very dainty new floribunda that is being introduced for the first time this year. Bellina bears clusters of small 2-2½ inch perfectly formed flowers. The full high-centered bloom has 45 petals. The color is a delightful peach-pink, with yellow undertones. The smaller buds are very attractive and come on a low compact plant that is especially adapted for low borders, around walks or to be used individually with other varieties. PAF. \$2.50 each.

NEW!!!

CIRCUS. The only All-America Winner for 1956. Perfect buds of almost red that opens to very perky high centered blooms in huge clusters of red and yellow. These blooms will give you a continuous display as they keep coming and coming all summer. Excellent foliage on an excellent bush that grows to 3 ft. in our climate. Somewhat of an old rose fragrance. The color of Circus is distinctively different and the only other rose that might come near it in color would be Masquerade. Singly or in an electrifying mass. Circus will bring you "the greatest show on earth" right into your own garden. Why not plant three of them? P.A.F. \$2.50 each; 3 for \$6.60.

FASHION. If you will look in our past catalogs, you will note that we have recommended this rose very highly. The oriental red buds are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. Our previous offer still stands when we tell you to plant three of Fashion this year and if you can honestly tell us that you don't like it we will be glad to refund your money. Pat. 789. \$2.00 each.

JIMINY CRICKET. We think that the outstanding feature of this 1955 All-America Winner from Jackson & Perkins is the sparkling new color—a bright apricot-orange. The aging flowers are somewhat lighter but from the time the first bud opens until the end, it never knows a dull moment. Each of the endless processions of buds and flowers is a perfect hybrid tea in miniature. Excellent for cutting. Pat. 1346. \$2.00 each.

LAVENDER GIRL. This is the latest addition to the blue or magenta colored roses. If you want something different in the garden or for arrangements, Lavender Girl is for you. While we don't like the color, we will admit that this bush is the strongest grower of all the roses in this shade. Oh yes, the price is also the highest of all roses listed in this catalog. We don't want it, you can have it for only \$5.00 each.

LITTLE DARLING. A new rose from the introducer of Carousel. Perfect 2½ inch flowers are streaked with brilliant red and yellow hues—with orange to pink shadings that melt into the canary yellow center. Foliage is reddish-green—shining and disease free. ALAS! that we do not have the room in this catalog to show you the very near perfect colored illustration of this rose. Also, too bad that the patent owner is not spending the money for publicity on this rose because it could be everybody's "Little Darling" if they knew it better. Pat. 1581. \$2.00 each; 3 for \$5.25.

SPARTAN. We consider this rose the finest of all the new roses planted at Rose Hill last year. In our estimation it was easily heads above any other Floribunda. Gorgeous burnt-orange buds slowly open to huge, high-centered hybrid-tea-shaped blooms—flushed with a sparkling warm orange-red color. Ideal for cutting and sweetly fragrant. Pat. 1357. \$2.50 each.

VOGUE. Vogue is bright, gay, coral cherry in color. With its vigorous wealth of bloom, it will be one of the finest roses in your garden. Add to this the exquisite form of both the bud and open flower, and you will see why we didn't have enough to go around last year. Very fragrant and disease resistant foliage. Plant 3 VOGUE this spring and we will guarantee you one of the finest shows you have ever had. Pat. 926. \$2.00 each.

Here's Why Floribunda Roses Are So Popular!

- They bloom in great clusters of 15 to 20 flowers all summer long . . . from June to frost.
- They are adaptable to every type of planting on your property. Excellent for beds, borders backgrounds, hedges, specimen plantings, foundation plantings and with evergreens and other flowers.
- Require very little care! Rugged, hardy, vigorous and disease-resistant.
- They give you more color, more blooms, more growth than any other flower!
- Also lovely in flower arrangements, as boutonnieres and corsages.

RED FAVORITES

FUSILIER. One of the better red Floribundas to come along in years. 1958 Winner of the All-America Selections. Deep dark red buds burst open into blazing, flaming orange-scarlet flowers . . . 4 inches across with upright and full bush that grows 2½ to 3 ft. tall. Foliage is leathery and dark green and blooms are produced in clusters. Each petal has a frilled and ruffled margin. Pat. 1709. \$2.50 each.

NEW!!!

NEW!!!

HEAT WAVE. We call this rose the "glorified Floribunda" because every one of the hundreds of buds and medium size blooms is rose form at its best—as beautiful as the finest hybrid tea. And, with their extra measure of long-lasting substance, these are perfect flowers for cutting. In color, Heat Wave lives right up to its name with a sizzle that will make it a hot seller. It's a gay Chinese red with ruby-like shadings and highlights of persimmon. This plant has plenty of "get-up-and-grow" for outstanding garden performance. Above average height, it is not leggy but compact. Ask anybody who has watched this rose on Rose Hill and they will tell you it was at its best during the hottest weather. PAF. \$2.75 each.

RED WINGS. A new snappy deep red Floribunda with long lasting flowers and unfading color. This gorgeous velvety-red tone stands the hot sun without fading. The plant is medium large and well formed. Flowers contain about 20 petals and come both singly and clustered. Continual bloomer from early spring until hard frost. PAF. \$2.50 each.

RUBY LIPS. No shy performer this, but a boisterous Floribunda of redder red, continually stealing the garden spotlight with the greatest show of bloom imaginable. The flowers lasting and colorful, are borne in big panicles—so many that they almost hide the plant. There's plenty of "grow" in the medium sized plant and terrific "show" in the brilliant ever present color. PAF. \$2.50 each.

RED PINOCCHIO. Red version of the all-time favorite Pinocchio series. Pat. 812. \$1.75 each.

WILDFIRE. Betty Prior has long been a favorite with us for hedges, and now comes Wildfire as its equal in red. If you want color that will be the envy of the neighborhood, then this is for you. Very large for Floribunda, the wide-flaring nearly single flowers of rich dazzling scarlet, unfold into huge sprays which completely envelop the plant, making it a blaze of color. The petals are crisp, the sprays long lasting. Try this for a hedge if you want red. Very nice as individual plants too. Pat. 1381. \$2.00 ea.

YELLOW FAVORITES

NEW!!!

NEW!!!

GREEN FIRE. A fabulous show of clear and intense greenish-yellow color that is rich and unfading. A fine vigorous plant of medium size, is almost always in bloom. This sunshiny mound of semi-double 3 inch flowers will surely have a place in your garden. P.A.F. \$2.50 each.

GOLD CUP. 1958 AARS Winner. Yes, here's the very first yellow Floribunda ever to become an All-America Winner! And little wonder—for Gold Cup is perfect in every respect. The color is just breathtaking—a deep, rich gold that does not fade. The flowers are large — 3 to 4 inches across — beautifully shaped . . . sweetly fragrant! And for profusion of flowers, this rose has no equal—producing hundreds of flowers continuously all season long! In fact, it's never without flowers from June till frost. Hardy, vigorous, disease-resistant . . . the 2½ foot plants are well clothed with glossy dark foliage, and the entire plant is constantly renewed by the freely sprouting basal shoots. You will be proud and well rewarded to have this new prize-winning rose in your collection. May we suggest planting three together for the greatest show. Pat. 1683. \$2.50 each; 3 for \$6.60.

NEW!!!

NEW!!!

FASHIONETTE. A very fragrant Floribunda that is easy to grow. A fresh Fashion-colored rose, with an exquisite deeper coral bud. The buds open slowly, unfurling perfectly to fully petaled hybrid tea shaped flowers. The pastel tint matches modern home decor, and the doll-like primness when it opens reminds one of a pretty girl swirling her skirts. This is the finest rose listed on these two pages for cutting and is certain to become a favorite with all of our many flower arrangers. Pat. 1563. \$2.50 each.

LILIBET. 1954 All-American Floribunda Winner. Named in honor of Her Majesty, Queen Elizabeth II (it was her childhood name). This dainty new floribunda features flowers of light rose pink in the bud to a soft dawn pink in the fully open flower. It grows about 2 to 3 ft. in height, making it fine for a low hedge or as a single specimen. The plant is very sturdy, symmetrical and rounded, with glossy luxuriant foliage. Flowers continuously throughout the summer. P.A.F. \$2.00 each.

WHITE FAVORITES

WHITE BOUQUET. The only bush AARS Winner for 1957. This will probably be our leading actress in this year's play and because of her height, will give her best performance in the foreground. She has a gardenia-like shape with a sweet, spicy fragrance. Her costume is pure white with yellow stamens in the center as a high-light. We have seen her eyes as large as 4 inches across. Her accessories are a luxurious dark green. To those of you who have already seen White Bouquet in the various test gardens, will agree with us that this is the finest white Floribunda to date. Pat. 1415. \$2.50 each.

NEW!!!

IVORY FASHION. One of the two All-America Winners for 1959 and illustrated on our cover. This is the Floribunda with a new look—an ivory-colored rose with the charm and grace of its world-famous parent, Fashion. Long slender buds with high-centered form open gradually to striking, slightly cupped, fully open, fragrant flowers. The richly decorative, long, graceful golden stamens give an air of charm to the whole ensemble. The petals are firm and heavy textured and retain their ivory color to the very last. Stout stems usually carry 5 to 10 buds which open gradually, giving a long and satisfying blooming period. Performed remarkably well the first year in its planting at Rose Hill. Pat. 1688. \$2.75 each.

GUARANTEE — We guarantee our stock to be true to name and to grow if proper care is given. If any stock purchased fails to start growing after being properly planted and cared for, we will replace free of charge. This free replacement policy does not include any transportation charges and must be borne by the customer. Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price. All replacements made during next planting season.

DELIVERY — No charge for local delivery in City of Spokane or Spokane Valley on orders for \$5.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SPECIAL OFFERS AND SUBSTITUTIONS — In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES — All of the stock listed in this catalog is for availability during the year of 1959 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. Fine Flowering SHRUBS

Bloom from April to Late Fall

Landscape Your Grounds—it's Smart Business and Increases Real Estate Value

Be your own landscape architect. Start this spring with a definite planting plan. Get your trees in, your lawn started, hedges and shrubs planted. Here is a good vigorous beginning that by the end of summer will give you a grand and glorious sense of achievement. Clever, artistic landscaping has brought a marvelous transformation that you could scarcely believe possible a few months earlier.

ALTHEA (Hibiscus or Rose of Sharon)

Upright shrub, with double flowers blooming in August and September. We have four colors—Pink, Purple, Red and White. 2-3 ft. \$2.50 each.

BARBERRY

Crimson Pygmy. Very dwarf growing, same purple or red foliage as *atropurpurea*. We have never seen it over 15 inches high. The plants we offer are about 8-10 inches in height. \$2.50 each.

Thunbergi. Green foliage turning to crimson in autumn. Red berries. Widely used and very attractive. 15-18 in. bushy stock. \$1.65 each.

Atropurpurea. Purple or red foliage. The most popular barberry planted. Foliage holds its color throughout the summer. 15-18 in., \$1.75 each.

BEAUTY BUSH (Kolkwitzia)

Attractive foliage with a profusion of pink flowers in May. Our favorite flowering shrub. 24-30 in., \$2.50.

FLOWERING ALMOND

Very popular as the shrub which covers every twig and branch with dainty little double pink flowers that remind one of miniature roses. 18-24 in., \$2.25.

FLOWERING QUINCE

Low growing shrub with glossy foliage. Bright red flowers in the early spring followed by decorative fruit quinces in the fall. 18-24 in., \$2.25

DEUTZIA

Gracilis. Low growing shrub never over 3 ft. Snow white flowers cover the bush in May. Used extensively for flower arrangements. 12-15", \$2.25

Pride of Rochester. A tall stately growing shrub up to 8 ft. Very beautiful in May when it is covered with a profusion of double white flowers tinged with pink. 2-3 ft. \$2.50.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 24-30 in., \$2.25.

Clavey's Dwarf. Neat, compact growing honeysuckle not over 3 feet. An outstanding new low growing shrub for the foundation planting. Why not try some of our newer low growing shrubs in the foundation planting to get away from the monotony of straight evergreens? \$3.00 each.

WINGED BURNING BUSH

EUONYMUS ALATUS. A prime favorite! Produces an abundance of yellow flowers in May which are followed by orange and red berries. Interesting corky bark. Outstanding in the fall with its reddish-pink foliage. Medium height. 24-30 in., \$5.00.

EUONYMUS ALATUS COMPACTA. Dwarf growing form of above. 15-18 in., \$3.95.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 24-30 in., \$2.35.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 18-24 in., \$2.50.

Blue Hydrangea. Large flower that comes in July and August. For real blue color in our area, mix a tablespoon of aluminum sulphate in the soil about the plant. We also suggest a light mulch for winter protection. \$3.00 each.

NEW!

NEW!

HYPERICUM. (Hidcote). The hardiest of all Hypericum. Very dwarf, shapely shrub which grows oval shape of 2 to 3 ft. in diameter, densely covered with glossy foliage. It bears cymes of golden flowers at the end of every new branch. This mound of gold is very free flowering. We have had it in our nursery for several years and those that have seen have bought it. We now have enough for our mail order customers. 18-24 in., \$2.50 each.

POTENTILLA

Katherine Dykes. A graceful small, 3-foot high shrub, upright in growth, yet compact. Foliage is dense and fern-like in effect. From early June till frost, the plants are studded with light chrome-yellow, chalice-like blooms. A splendid, low-growing and graceful shrub for foreground planting, fits in perfectly with perennial plants in the hardy border. Prefers a sunny location. \$3.00 each.

SPECIAL BUDDLEIA OFFER No. 13

Any Three colors you choose

FORSYTHIA

-- Herald the Coming of Spring

Spring Glory. Without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3'. \$2.25.

Lynwood Gold. The finest of all deep golden yellow Forsythias. Erect branches are literally smothered under the golden flowers from top to bottom. With the bloom just as profuse as Spring Glory, why not plant them together for early spring blooming contrast? 2-3'. \$2.50.

NEW!

NEW!

FORSYTHIA

BEATRIX FARRAND. Named in honor of the famous landscape architect, Beatrix Farrand was originated at the Arnold Arboretum by Dr. Karl Sax. A very extremely vigorous grower making a large symmetrical bush. The deep golden yellow flowers are over 2 inches in diameter and have striking orange markings in the throat. We think you will like our husky 2-3 ft. bushes. \$2.95 each.

WHITE FORSYTHIA

ABELIOPHYLLUM DISTICHUM. A rare new shrub and while it does not belong to the Forsythia family, the first time you see it in bloom you will exclaim to the resemblance to the Forsythia. Buds are formed in the fall and open in the early spring to transform the bush into a mass of white blossoms. The flowers are actually pale pink when they open but soon fade to white. We have seen this bush used with an underplanting of Red Emperor tulips. What a sight! Nice plants of 18-24 in. \$3.50 each.

SYMPHORICARPOS (Snowberry)

Chenaulti. New improved variety. Small leaves, graceful arching branches; pink flowers followed by small red fruit in the fall. 3-4 ft. \$2.95

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 24-30 in., \$2.50.

FRENCH PUSSYWILLOW. Very large catkins and tall growing. One of the best forcing varieties. Excellent green foliage during the growing season. 3-4 ft., \$2.95.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Hopa Crab

Eleyi Crab

Bechtel's Crab

Paul's Scarlet Hawthorne

Maple Ginalla

Cistena Plum

Prunus Triloba

All are 3-4 ft. and priced \$4.95 each

French Lilacs

Spokane's Adopted Flower

(Note)

The six varieties of lilacs listed here are the most popular and best for the Inland Empire area.

Adelaide Dunbar. Double, dark red.

Belle de Nancy. Double satiny rose.

Charles Joly. Double dark reddish-purple.

Ludwig Spaeth. Single dark purple.

Mad. Lemoine. Double white.

Persian. Reddish purple.

PHILADELPHUS (Mock Orange)

Virginalis. Immerse fragrant, double white flowers in large clusters that weigh down the branches. Blooms in May and June. 2-3 ft., \$2.25.

Minnesota Snowflake. Pat. 538. Very double, new variety of mockorange. Fragrant. Blooms cover the plant from top to toe and keep coming all summer. 2-3 ft., \$2.50

NEW!!!

NEW!!!

FROSTY MORN

The new dwarf mockorange. Very fragrant and very double white, Frosty Morn blooms in June and July. Has proven to be thoroughly hardy here in the Inland Empire. It never reaches a height of over 3 ft., so it should be very adaptable for the foundation plantings of the newer type rambling home. 15-18 in., \$2.50 each.

GOLDEN MOCKORANGE

Newer variety of Mockorange. Very dwarf growing and compact with a striking yellow foliage. Ideal for the newer ranch-type home where straight evergreen plantings are a thing of the past. 15-18 in., \$2.50.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$3.50.

BRONZE-LEAVED SMOKE TREE. Similar in growth and habits to the well-known Smoke Tree, only this variety is the rare bronze-leaved and "bronze-plumed" Smoke Tree. Bronze foliage and bronze colored so-called plume or smoke. Nice bushes 2-3 ft. tall. \$4.95.

TAMARIX

Hispid. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 24-30 in., \$2.25.

Summerglow. The airy Tyrian rose spikes appear on top of the delightful foliage all summer long. Longer blooming and lighter in color than Hispid. We suggest the same type pruning as for Hispid. 2-3 ft. \$2.95.

NEW!!!

NEW!!!

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$2.00 each.

Heavenly Blue. Pat. 1091. New darker blue form than Caryopteris listed above. No. 1 plants. \$2.50 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 2-3 ft., \$2.50.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 24-30 in., \$2.25.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 2-3 ft., \$2.25.

Trilobata, Swan Lake. A rare and lovely Spirea, most beautiful of the white spring flowering shrubs. Never growing over 3 to 4 ft. tall, it is just perfect for the new low type architecture of the modern home. White Swan is completely covered with unbelievable masses of white flower clusters that mingle with dark green leaves. \$5.00 each.

VIBURNUM

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 2-3 ft., \$2.50.

Common Snowball. A very popular shrub that blooms profusely in late spring and early summer. White snowball-type blooms. 2-3 ft., \$2.25

NEW!!

NEW!!

VIBURNUM TOMENTOSUM MARIESI

This variety is an improved form of the Tomentosum. The plants do not grow quite as tall nor quite as fast (about 6 to 7 ft. when mature), but it blooms more profusely and while still young. For those of you who like the White Dogwood, the blooms on Mariesi are similar and this shrub will give you the same effect. Cheaper than Dogwood too, and hardier. 2-3 ft. \$4.95 each.

HEDGES

BARBERRY

Thunbergi. Green foliage with yellow flowers. Brilliant foliage in autumn with red berries. Hedging size, \$6.00 per dozen.

Red Leaf. Same as above except foliage is red or purple throughout summer. Hedging size, \$7.00 per dozen.

CARAGANA (Pea Shrub)

Very hardy bush with yellow flowers in May and June. If you have some spot where nothing else will grow try caragana. It needs no care! Hedging size, \$6.00 per dozen

PRIVET

English Privet. Dark green foliage that hangs on nearly all winter. 4 canes and up. \$4.00 per dozen; \$30.00 per 100.

Lodense. The finest plant for a low hedge or border. Very dwarf habit. We recommend this very highly. Can be used also as individual plants; nearly evergreen. 75c each; \$70.00 per 100.

RUSSIAN OLIVE

Silver grey leaves, white berries. Very tough; nothing penetrates through this plant when used as a hedge. Hedging size, \$7.50 per dozen.

SPIREA

Van Houtte. Very popular for a graceful hedge. White flowers in spring; good foliage. Hedging size, \$6.00 per dozen.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$6.00 per dozen.

TREES LISTED ON THIS PAGE ARE *Styled* FOR THE MODERN RANCH TYPE HOME

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 3-4 ft., \$9.95; 4-5 ft., \$15.00.

White Flowering. Same prices and description as above only flowers are white.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.

Helen Borchert. Shell pink. Very large. Desirable for forcing indoors. Prices, 5-6 ft., \$6.00.

Royal Redleaf. A new ornamental flowering tree. Foliage is bright red in the early spring, gradually dulling to a deep maroon towards fall. Rose blooms make a pleasing contrast with the foliage. Produces red fruit with white flesh. Fruit has a wild seedling flavor that is edible or suitable for pickling. Hardier than most peach varieties. 5-6 ft., \$6.00 each.

FLOWERING CHERRY

Kwanzan. Double deep pink flowers. Very fragrant. 5-6 ft., \$6.00.

GOLDEN CHAIN

Vossi. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$8.95.

HAWTHORN

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-red flowers in abundance during May. 4-5 ft., \$3.00; 5-6 ft., \$6.00., 7-8 ft., \$7.95

Cordata (Washington Thorn). Deep green glossy leaves with outstanding autumn coloring. White flowers with glossy red berries. 4-5 ft., \$5.95.

AUTUMN GLORY HAWTHORN

Vigorous erect growing tree with grayish bark. White flowers followed by a profusion of large glossy, brilliant red berries all along the branches. Much more outstanding than the popular Mt. Ash. Featured extensively by the Wayside Gardens. 5-6 ft., \$8.50.

MAPLE

Circinatum. One of the finest of the small growing trees. This tree has no equal for fall coloring. Maximum growth about 15 feet. 4-5 ft. well developed trees, \$7.50 each.

Palmatum Atropurpureum. Often called Japanese Red or Ribbon leafed maple. Magnificent purple-red foliage, gracefully lacinated. Our trees have been grafted to assure you of the best color possible. 30-36 in., \$9.00 each.

Dissectum. A very small growing tree to not over 6 ft. Very much in demand. Foliage is called "cutleaf." 2-3 ft. \$9.00 ea.

RED BUD

Very attractive, rosy pink almost red flowers in the spring. 5-6 ft. \$6.00 each.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Cistena. New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Sapa. Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$6.00.

Thundercloud. Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 4-5 ft., \$4.95; 6-7 ft., \$6.95.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.95.

FLOWERING CRAB

Almey. Double red blossoms with scarlet fruit. We think this is the best in red.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

Eleyi. Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

NEW!!!

NEW!!!

Ferrill's Crimson. Entirely new red leafed flowering crab that holds its color the entire season. Medium growth, large single red flower. Red fruit. A welcome addition to the finest of all flowering trees for our area.

Hopa. Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

Morden No. 454. Narrow pyramidal growth. Rosy-red flowers with cherry-red fruit. Purplish leaf and dark bark.

Sargentii. Rather dwarf growing, white flowers and red fruit.

Scheideckeri. Compact upright growth. Single rose blooms. Very popular, yellow fruit.

PRICE ON ALL CRABS LISTED: 4-5 ft., \$4.95; 5-6 ft., \$6.50.

SPINDLE TREE (Euonymus Atropurpureus)

We have no small growing tree in our nursery that causes so much comment in the fall than the Spindle Tree. Green foliage in the summer that turns to all shades of red. After the foliage drops, the large masses of pinkish red, 4 lobed fruit shows up to remain on the tree well after Christmas. 3-4 ft. \$6.00 each.

(Note: See Mountain Ash listed below)

BIRCH

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 8-9 ft., \$7.95; 10-12 ft., \$10.95.

Clump Birch. Same as preceding but usually with three or more stems originating at the base. Has become increasingly popular because it fits very well into the landscape of the newer type ranch home. 6-7 ft., \$8.95.

Canoe. White bark with brown speckles. Upright growing. 10-12 ft., \$12.50.

European White. Same as cut-leaf weeping but only with upright growth. 8-10 ft., \$10.00.

CATALPA

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 8-10 ft., \$7.95; 10-12 ft., \$12.50.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.35; 7-8 ft., \$3.50; 8-10 ft., \$4.50.

HORSECHESTNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$12.50.

White Flowering. Same as preceding, only white flowers. 5-6 ft., \$7.95; 7-8 ft., \$10.00.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 7-8 ft., \$7.35.

Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 7-8 ft., \$8.95.

MAPLE

Crimson King. An improved form of Schwedler that holds its red color throughout the summer. An excellent new novelty. 8-9 ft. whips. \$8.95; 7-8 ft. whips, \$7.95.

Norway. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 7-8 ft., \$5.95; 8-10 ft., \$6.95; 10-12 ft., \$8.95.

Swedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 7-8 ft., \$7.95; 10-12 ft., \$12.50.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 7-8 ft., \$6.95.

SYCAMORE

European. A highly ornamental tree that is wide-spread in growth. Very disease free. Creamy bark. 7-8 ft., \$5.50.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 7-8 ft., \$5.95.

Golden. Medium spreading growth. Golden yellow bark. 7-8 ft., \$5.95.

HONEYLOCUST

MORaine. Our newest shade tree—the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

1. Clean
2. Vase-shaped
3. Filtered shade
4. Hardy
5. Regal
6. Good Roots

What more could one ask for in a shade tree. We have a fine block at prices that are reasonable for a new tree. 5-6 ft. branched, \$6.00; 6-7 ft. branched, \$8.00; 7-8 ft. branched, \$10.00.

NEW!!

NEW!!

THREE NEW HONEYLOCUSTS

We believe that the three new Honeylocusts listed below together with the Moraine Honeylocust listed above are the outstanding and most satisfactory shade trees for the Inland Empire area. Please do not confuse the Honeylocusts with the old, common Black Locust that is not being sold in nurseries now because they have been subject to the Locust Borer. The Honeylocust belongs to a different family altogether than the old common Black Locust.

SUNBURST HONEYLOCUST

(Gleditsia Triacanthos Inermis Aurea)

The first new color in a hardy, ornamental shade tree since Crimson King Maple. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree; appears to be in bloom all summer.

*Broadly pyramidal head and excellent branching habit creates a beautiful symmetry unmatched by other honeylocusts.

*Producing only male flowers, Sunburst is absolutely seedless and causes no ground litter.

*Sunburst is adaptable to any location. Unusually strong, it has withstood ice and snow storms which completely ruined neighboring trees of other varieties. Plant Patent No. 1313. 6 to 7 ft. Lightly branched. \$12.50 each.

IMPERIAL. A graceful spreading variety with symmetrically arranged branches forming a regular and compact tree. Foliage is dainty and refined, and leaflets are more closely spaced than the average Honeylocust, forming a more dense cover. Brand new in 1959. 6-8 ft. \$10.00 ea.

SKYLINE. Much on the same order as the Imperial listed above only in a more pyramidal form. Brand new in 1959. 5-6 ft. Branched. \$10.00 each.

TREE OFFER No. 17

This offer is made for the new home owner with a medium size lot. As trees take several years from planting to produce shade, we suggest that the new home owner makes it a point to plant trees prior to any other planting. We are pricing these trees within everyone's budget and you can take advantage of our credit terms as outlined on page 18. Make the right start in the landscape of your property.

THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 15-18 in., \$3.50; 18-24 in., \$4.95.

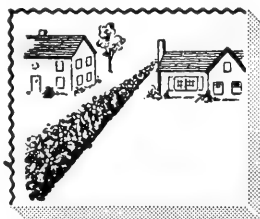

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$2.50; 12-15 in., \$3.75; 18-24 in., \$5.95.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 18-24 in., \$2.95; 24-30 in., \$3.95; 3-4 ft., \$4.95.

AMERICAN ARBOR VITAE

- FAST GROWING
- EVERGREEN
- SHEARS WELL

Our most popular planted evergreen hedge. Very fast growing—12 to 24 in. per year. Hardy and evergreen. Looks good whether you trim it into box-shape or just let it grow. Plant from 3 to 4 ft. apart, depending on how fast you wish a good tight hedge.

Baby Size. 12-15 in., \$1.25 each; 12 for \$12.00.

King Size. 2-3 ft., \$3.00 each; 3 for \$8.25; 12 for \$30.00.

JUNIPER-JUNIPERUS

Pfitzer. One of the best types of spreading evergreens. The branches spread horizontally, with the terminals slightly drooping. It lies close to the ground, and for edging larger plantings has no superior, supplying the flowing lines needed in good landscape plantings. Foliage grey-green. 15-18 in., \$3.95; 18-24 in., \$5.95.

Golden Pfitzer. Growth and habit like the green variety, however the color has a decided golden cast, especially in the late spring when the new growth appears. 12-15 in., \$3.25.

Meyer. Foliage is a striking blend of grey and silver-blue turning to a rich violet in the late fall and winter. Irregular growth that is not stiff. Used in foundation plantings and large rock gardens. 15-18 in., \$4.75.

Hetzi. (Blue Pfitzer). Same growing habit as the green and golden Pfitzer. Color is a light cast of blue. Excellent. 15-18 in., \$3.95.

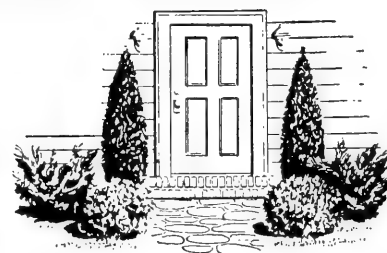

Tamariscifolia. (Tamarix Juniper). Blue-green foliage, compact, procumbent. Much lower growing than the Pfitzer types. Used extensively for rockeries, banks and as a border to your foundation planting. 15-18 in., \$3.95.

Sabina. A semi-upright spreading variety growing to a height of 3 ft. Color dark green. 18-24 in., \$2.95.

Andorra. Very low growing habit. Bluish color throughout the summer turning to purple tones with the first frost. 15-18 in., \$3.95.

White's Silver King. New patented evergreen. Very low growing, silver-blue in color turning slightly purple in the fall. Growth habit about the same as the Tamarix Juniper. 15-18 in., \$4.95.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

BABY EVERGREENS

2 and 3 year old heavy transplants

Set these sturdy transplanted evergreens in your garden for several years, and you will have trees that will be worth 10 times what you will pay us for them. You be the nurseryman.

CYPRESS-CHAMAECYPARIS

Alumi. (Blue Cypress). Upright, symmetrical growth. Foliage is very compact and rich blue-green in color. To see it is to want it. 24-30 in., \$3.45.

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$7.50.

Filifera Aurea. Similar to above only dwarfier growing with drooping cords of gold. 12-15 in., \$4.50.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 15-18 in., \$4.50; 18-24 in., \$7.50.

SPRUCE-PICEA

Colorado Blue. (Koster). Grafted plants of steel blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 2-3 ft., \$15.00; 3-4 ft., \$25.00; 5-6 ft., \$35.00.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 3-4 ft., \$7.50.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in \$3.95.

YEW-TAXUS

The Disease Proof Evergreen

No family of evergreens has gained such popularity in recent years as the Yew. Their dark, rich color, hardness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft., \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft., \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 12-15 in. \$3.45; 18-24 in. \$6.00.

(Note - While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.50; 12-15 in., \$2.75; 18-24 in., \$6.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.50;

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 95c.

COTONEASTER.

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 15-18 in., \$3.50.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 15-18 in., \$4.00.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.25; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somerset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 12-15 in., \$4.25.

Mezereum (Lilac Daphne). Interesting, lilac-purple flowers along the graceful, slender branches in early spring, followed by green foliage with red berries. 9-12", \$1.25; 12-15 in. bushy, \$2.50.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Berries produced on very young plants together with the glossy green foliage, make it very interesting for winter effects. We have both the orange and red berried type. 2-3 ft., \$4.50; 3-4 ft., \$6.00.

SELECT YOUR OWN EVERGREENS, TREES, SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . Perennials . . . are usually ready for "Cash and Carry" sales at proper planting seasons. Well-informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us week-days, we are open Sunday 9:00 to 6:00, during the planting seasons.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter, 9-12 in., \$1.75; 15-18 in. bushy plants, \$3.50.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 2-3 ft., \$8.00; 3-4 ft., \$12.00.

VIBURNUM

Burkwoodi. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 18-24 in., \$4.75.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 18-24 in., \$6.00.

Carlecephalum. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

\$6.50 per 100

CURRENTS

CHERRY. The largest of all red currants. The berries are often to one-half inch in diameter in short bunches.

3 yr. select, \$1.00

GOOSEBERRIES

OREGON CHAMPION. Very free from mildew. Medium size berries of good flavor. Early ripening.

3 yr. No. 1 select, \$1.00 each

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

DURHAM. New revolutionary red raspberry. Bears mid-August until frost. Cut all canes back to ground each fall; crop comes on new growth each year. Eliminates any winter-killing.

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

INDIAN SUMMER. Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry

Prices on Raspberries: Transplants, 35c each; \$3.50 per dozen

NEW!!!

BLACKHAWK. New black raspberry from Iowa. Outstanding in thrifty canes and heavy yields of large rich flavored strikingly black raspberries. Our heavy transplants will bear the first year planted. 50c each; \$5.00 per dozen.

We Are Moving

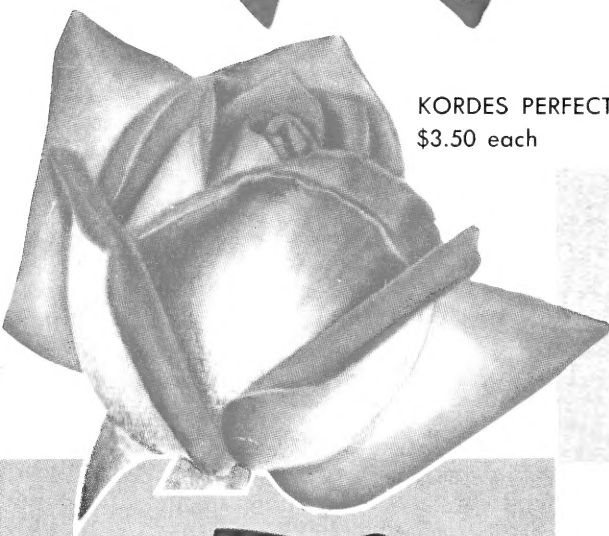

At the time we are writing this catalog in October, 1958, we have leased out part of our ground for the new Lincoln Heights Shopping Center. Our new location will be in the East 2900 block on 27th avenue. We will be located about a block north of the new Safeway store and a block west of the new Silver Lanes Bowling Alley. Our new buildings should be ready about April 1, 1959, however whether we have moved by that time or not, you will still enter our nursery at the same location as previously. Look for our new Garden Center to be the most outstanding in the Northwest.
